

Dear Student,

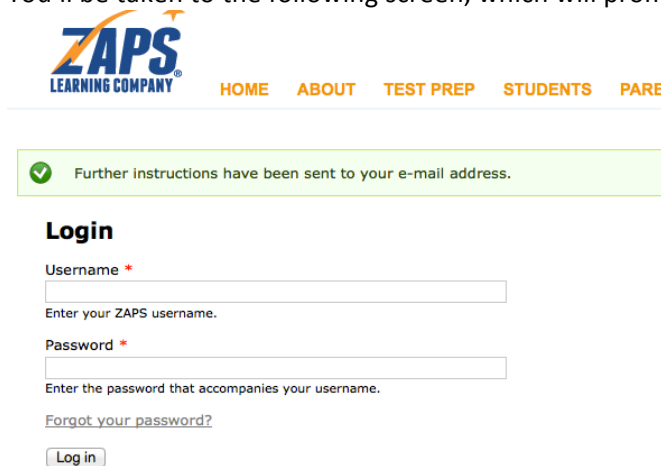

Thank you for purchasing the ZAPS ACT-Practice Test, a digital Score Booster™. The ZAPS ACT-Practice Test is designed to help you prepare for the ACT so that you can do your personal best on the test. This letter will explain what you need to know to access it, whether for the first time or simply to recover your password.

Getting Started

1. Go to <https://store.zaps.com/user/password> and enter your email as your username. Then click “E-mail new password” to request a password link. You can use this link anytime you forget your password or simply want to reset it.

2. You'll be taken to the following screen, which will prompt you to check your email.

3. Check your email for a message from “ZAPS.” The subject line will read, “Replacement login information for [your email address] at ZAPS.” Click to open the message.
4. You will see a link to create a one-time login. The link expiration date and time will be posted on the web page. Click on the link.

[If you do not click the link before it expires, nothing will happen. However, in order to access the ZAPS site in the future, you'll need to request another link starting with Step 1 above.]

5. You will now be taken to a new page. Your E-mail address will automatically show up in the box for "E-mail address." Your E-mail address is your username. Enter a password of your choosing in the "Password" and "Confirm Password" boxes.

• You have just used your one-time login link. It is no longer necessary to use this link to log in. Please change your password.
